Dear Harold,

Please note new address.

Revealed in a building opposite The T.S.D.B.? Is there anything to it?

Honesty is the worst market approach. If X, Y, or Z had your data they could cook up a bad property. Publishers like to say, "Sure, sure but it's a hell of a story, baby! Don't let facts ruin it!"

Cyril was working on J.F.K. and magnificant re: Medical data. His implication of a CIA - Right Wing - Military - Business "Plot" behind all the assassinations was unwise.

Shades of Farewell America!
